

UNITRIX® 60 and 80

For various applications

- Black, non-porous, smooth NBR inner lining
- Reinforcement: synthetic yarns
- Black, smooth NBR outer lining: ozone, weather, UV, oil, grease, and chemical resistant
- Operating pressure up to 33 bar
- Temperature-resistant from -40°C to +85°C
- Electrically dissipative irrespective of length, $R < 10^6 \Omega$
